

Associate of Arts – Graphic Design

PROGRAM GOALS: The goals of the Fine Arts Transfer program at Washington State focus on providing instruction and experiences that will allow graduates to successfully transfer to institutions that offer either the four-year Bachelor of Arts or the five-year Bachelor of Fine Arts Degree.

Graduates of the program will:

1. Meet the general education requirements of the college and be prepared to transfer as a junior in their area of concentration.
2. Demonstrate the application of a system or methodology for art making.
3. Be able to define, explain, and apply the perceptual skills used in art making.
4. Be able to define, explain, and apply the conceptual skills used in art making.
5. Demonstrate the possession of analytical skills necessary for problem solving, critical thinking, and art making.
6. Be able to make, communicate, and defend critical judgments based on knowledge of historical and contemporary practice.
7. Demonstrate development towards a personal image, i.e., artwork containing a personal or unique point of view.
