CAREER OPPORTUNITIES:

- Hospitals
- Extended care facilities
- Physician's office
- Clinics
- Private duty
- Home health agencies
- Business and industry

IT'S A FACT:
Nearly 70% of Washington State students receive financial aid.

The Associate Degree Nursing program is fully approved by the Ohio Board of Nursing, and provides an excellent foundation for a Bachelor of Science degree in Nursing (B.S.N.).

Washington State Community College also offers courses that may transfer to BSN programs.

Associate Degree Nursing
Advanced Placement for LPN's

THE PROGRAM:

Graduates of the Associate Degree Nursing program earn an Associate of Applied Science degree and are qualified to sit for state licensure examinations (NCLEX-RN). Associate Degree Nurses provide ongoing care and support, promote good health, and coordinate all aspects of patient care.

This program allows educational and career mobility for students. In addition to broad career options, graduates may choose to transfer and continue their studies toward a baccalaureate degree in nursing (B.S.N.), or advanced practice nursing (M.S.N.).

Students accepted for college admission may apply for admission to the program and may complete all courses in five sequential semesters. LPN's who meet the criteria for advanced placement may complete the full-time program in three to four sequential semesters.

The curriculum includes general studies, general sciences, and nursing. Non-nursing courses may be completed before entering the first nursing course, if the student chooses. Nursing courses must be completed in sequence within three years of the first course for traditional students and two years for full-time LPN students. If the sequence is interrupted, the student must reapply for admission to the program. A grade of "C" or above is required in all support courses; a grade of "B" or above is required in all ADN courses.

ADVANCED PLACEMENT:

In addition to the stated admission criteria, those seeking advanced placement as licensed practical nurses must complete the following:

- ***College Placement Test*: *Submit Accuplacer, ACT, or SAT*.** Demonstrate college-ready placement in English & Math
- ***Submit Practical Nursing program transcript*.**
- ***Completion of first year general education classes in the A.D.N. curriculum (grade of "C" or better).***
- ***The required transitional nursing course*.**
- ***Possess a valid LPN license at time of application and admission*.**

Students who satisfactorily complete the Washington State Community College Practical Nursing program may be eligible for admission through advanced placement directly after completing the Practical Nursing Program by meeting stated admission criteria.

CAREER SKILLS:

In addition to knowledge gained in nursing courses, graduates of an Associate Degree Nursing program gain valuable career skills for the health care environment. The graduate will demonstrate competence, caring, and critical thinking skills in providing safe, effective nursing care. The graduate will also demonstrate personal behaviors consistent with professional and employer expectations for the registered nurse.

Revised 11/2016

ASSOCIATE DEGREE NURSING ADVANCED PLACEMENT FOR LPN'S

Admission to the Associate Degree Nursing Program is awarded on a selective basis, with preference given to the most qualified candidates. Students must complete all requirements listed in the admissions packet and submit them prior to the deadline outlined in the packet. The Associate Degree Nursing Selection Committee considers the applicant's admission essay, grade point average or GED scores, ACT or SAT composite scores/or submit TEAS score, recommendations, and documentation of successful completion of prerequisites. Submission of **all** admission forms listed in the admission packet are to be **returned to the ADN Program Director in one envelope**.

ENTRANCE REQUIREMENTS:

1. Complete application for admission to Washington State Community College.
2. Must be a high school graduate or possess a GED certificate.
3. Submit an official high school transcript or GED Certificate, and official transcripts from any college(s) attended.
4. Complete application form for the Associate Degree Nursing Program w/ admission essay by stated deadline.
5. Complete **BIOL 0955** (or equivalent) with a grade of "C" or above.
6. Complete **ENGL 1510** (or higher) and **MATH 0955** (or higher) with a grade of "C" or above.
7. Submit **ACT** or **SAT** scores, or submit **TEAS** Entrance Exam scores (ACT of 20 or higher required; or SAT of 950 on verbal and math components or higher; TEAS Exam score of proficient or higher). ACT/SAT/TEAS not required for applicants with a Bachelor's degree.
8. Provide three (3) non-family references.
9. Complete Confidentiality Statement.
10. Complete **CHEM 0955** (or equivalent) with a "C" or above prior to entry into the program.
11. Complete **CHEM 095L** (or equivalent) with a "C" or above prior to entry into the program
12. Complete **BIOL 2310 & 231L** (or equivalent) with a "C" or above prior to entry into the program.
13. ***Complete **BIOL 2320 & 232L** (or equivalent) with a "C" or above prior to entry into the program.
14. Complete **PSYC 1010** (or equivalent) with a "C" or above prior to entry into the program.
15. ***Complete **PSYC 2700** (or equivalent) with a "C" or above prior to entry into the program.
16. Complete ***all*** academic prerequisite with a "C" or above prior to entry into the program
17. GPA of 2.5 or higher when applying, and upon program entry.

*** Prerequisites for students entering Summer Semester in addition to these courses.**

710 COLEGATE DRIVE | MARIETTA, OH 45750 | 740.374.8716 | WWW.WSCC.EDU

Dear Potential Advanced Placement Student:

Thank you for your interest in the Advanced Placement Option of the Washington State Community College Associate Degree Nursing program for LPN's.

Enclosed are all the materials which you will need to apply for admission. **To be considered for the class admitted in 2018, please follow the instructions and return all requested materials before 12:00 p.m. September 22, 2017 to:**

Washington State Community College
ATTN: Director of Associate Degree Nursing
710 Colegate Drive
Marietta, OH 45750

It is crucial that you take the college placement test (if applicable) before you meet with the Program Director. To make a reservation to take the placement test, please call Student Services at (740) 374-8716 ext. 1683.

We ***require*** submission of ***ACT/SAT/or TEAS scores***. As you plan the dates for taking this test, please leave enough time for us to receive your scores before the deadline.

Applicants who submit required placement test results or any other materials received after 12:00 p.m. September 22, 2017 will not be accepted for initial admission to the nursing class. Please be aware that *you are responsible* in making sure *all* required materials are submitted *in one envelope* prior to the deadline *including any transcripts (college or high school). If you are transferring credits from another college, please submit 4-8 weeks prior to the application deadline to allow time for evaluation. If enrolled at Washington State Community College, your transcript printed from Web Advisor must be included. The Selection committee will not review incomplete applications.*

****All admission documents must be returned to the A.D.N. Program Director *in one envelope. No application will be reviewed if packet (envelope) is not complete.***

The A.D.N. program requires the following functional abilities with or without reasonable accommodations:

Functional Ability	Standard	Example Of Required Activities (not all inclusive)
Motor Abilities	Physical abilities and mobility sufficient to execute gross motor skills, physical endurance, and strength, to provide patient care.	Mobility sufficient to carry out patient care procedures such as assisting with ambulation of patients, administering CPR, assisting with turning and lifting patients, providing care in confined spaces such as treatment room or operating suite. Physical stamina sufficient to perform patient care for entire length of 2 days of clinical experience (6-12 hours)
Manual Dexterity	Demonstrate fine motor skills sufficient for providing safe nursing care.	Sufficient to perform skills such as picking up, grasping, and manipulating small objects/equipment. Writing with a pen or pencil, administering medications (all routes), performing tracheotomy care/suctioning, inserting urinary catheter
Perceptual/ Sensory Ability	Sensory/perceptional ability to monitor and assess patients	Auditory abilities sufficient to hear normal speaking level sounds, faint voices, faint body sounds, alarms, cries for help, etc. Visual acuity sufficient to see objects up to 20 inches away, see objects up to 20 feet away, use depth perception, use peripheral vision, distinguish color, and distinguish color intensity Olfactory ability to detect and distinguish odors from patient and environment Tactile ability sufficient for physical assessment and perform therapeutic interventions. Palpation of pulses, temperature, difference in sizes/shapes, differences in surface characteristics, etc.
Behavioral/ Interpersonal/ Emotional	Ability to relate to colleagues, staff and patients with honesty, integrity, and nondiscrimination. Capacity for development of mature, sensitive and effective therapeutic relationships. Interpersonal abilities sufficient for interaction with individuals, families and groups from various social, emotional, cultural and intellectual backgrounds. Ability to work constructively in stressful and changing environments with the ability to modify behavior in response to constructive criticism.	Establish rapport with patient/staff and colleagues Work with teams and workgroups Emotional skills sufficient to remain calm in emergency situations Ability to monitor own emotions Behavioral skills sufficient to demonstrate the exercise of good judgment and prompt completion of all responsibilities in the care of patients Adapt rapidly to environmental changes and multiple task demands

	Capacity to demonstrate ethical behavior, including adherence to the professional nursing and student honor codes	Ability to assume responsibility/accountability for actions. Establish therapeutic boundaries Respect the rights of others and the differences in patients Comply with academic integrity
Safe Environment for patients, families, and co-workers	Ability to accurately identify patients Ability to effectively communicate with other caregivers. Ability to administer medications safely and accurately Ability to operate equipment safely in the clinical area. Ability to recognize and minimize hazards that could increase healthcare associated infections. Ability to recognize and minimize accident hazards in the clinical setting including hazards that contribute to patient, family, and co-worker falls.	Prioritizes tasks to ensure patient safety and standard care Maintains adequate concentration and attention in patient care settings Seeks assistance when clinical situation requires a higher level or expertise/experience Responds to monitor alarms, emergency signals, call bells from patients, and orders in a rapid and effective manner.
Communication	Ability to communicate in English with accuracy, clarity and efficiency with patients, their families, and other members of the health care team (including spoken and non-verbal communication, such as interpretation of facial expressions, affect and body language) Required communications abilities, including speech, hearing, reading, writing, language skills, and computer literacy	Gives verbal directions to or follows verbal direction from other members of the healthcare team and participates in health care team discussions of patient care Elicits and records information about health history, current health state and responses to treatment from patients or family members Conveys information to patients and others as necessary to teach, direct and counsel individuals in an accurate, effective and timely manner Establishes and maintain effective working relations with patients and co-workers Recognizes and reports critical patient information to other caregivers

Cognitive/ Conceptual/ Quantitative Abilities	Ability to read and understand written documents in English and solve problems involving measurement, calculation, reasoning, analysis and synthesis. Ability to gather data to develop a plan of care, establish priorities and monitor and evaluate treatment plans and modalities. Ability to comprehend three-dimensional and spatial relationships. Ability to react effectively in an emergency situation.	Calculates appropriate medication dosage given specific patient parameters Analyzes and synthesize data and develop an appropriate plan of care Collects data, prioritize needs and anticipate reactions Comprehend spatial relationships adequate to properly administer injections, start intravenous lines or assess wounds of varying depths Recognizes an emergency situation and responds effectively to safeguard the patient and other caregivers Transfers knowledge from one situation to another Identifies cause and effect relationships Accurately processes information on medication container, physicians' orders, and monitor and equipment calibrations, printed documents, patients records, and policy and procedure manuals
Punctuality/ Work habits	Ability to adhere to Washington State Community College (WSCC) policies, procedures and requirements as described in the college catalog. Ability to adhere to the Associate Degree Nursing (A.D.N.) Student Handbook and each course syllabus Ability to complete classroom and clinical assignments and submit and assignments at the required time. Ability to adhere to classroom and clinical schedules.	Reads, understands and adheres to all policies related to student activity at the college, in the classroom and in the clinical. Completes classroom and clinical assignments by due date and time. Regular and punctual attendance in all classes and clinical

WASHINGTON STATE COMMUNITY COLLEGE
Associate Degree Nursing Program

Admission Procedures for Admission to Advanced Placement (LPN to RN) Nursing Program
Full-time day program

___ 1. Submit a completed Washington State Community College Application to the Admissions office. **You must also send a completed application form with your admission packet.**

___ 2. Complete pre-admission tests and submit pre-admission test scores:

___ An ACT/SAT/ or TEAS Entrance Exam score. *The selection committee requires an ACT composite score of at least 20, SAT scores of 950 or higher on Verbal & Math Components, or TEAS score of proficient or above.* ***You may retake the ACT/SAT/or TEAS if desired as long as your scores are received before the application deadline.*** An ACT/SAT/ or TEAS is not needed for applicants with a Bachelor's degree.

___ 3. Complete high school level or college level biology with a grade of "C" or above. Your college grade point average (GPA) must be at least 2.5 for consideration as a student in the Associate Degree Nursing Program – Advanced Placement. You must also maintain at least a 2.5 upon program entry

___ 4. **Submit to A.D.N. Program Director (all together in one envelope)**:
Complete the application materials for admission to the Associate Degree Nursing Program for the current academic year and submit all required materials in the packet by designated date.

___ Completed WSCC Application (enclosed).

___ Official high school transcript or GED score (from the appropriate State GED office, official testing center, or GED Testing service)

___ Completed Application for the Advanced Placement Option for Washington State Community College Associate Degree Nursing Program with Admission Essay. (enclosed)
Note that your typed Essay needs to be submitted on an attached sheet of paper.

___ Official Practical Nursing Education program transcript. If enrolled or are a graduate of Washington State Community College, you must include a copy of your transcript from Web Advisor.

___ ***All*** Official college transcript(s).

___ Submit ACT/SAT/TEAS Scores.

Over →

___ Submit three (3) references from persons ***other than family***. Include one or more reference(s) from an employer, if possible (enclosed).

___ Submit the signed and dated Nursing Selection Committee Release Form (enclosed).

___ Submit the signed and dated Essential Skills and Functional Abilities for Nursing Students Form (enclosed).

___ Submit the signed and dated Confidentiality Statement Form (enclosed).

___ 5. **Licensed Practical Nurses who have graduated or practical nursing students who are graduating from the Washington State Community College Practical Nursing program, and *Licensed Practical Nurses who have graduated from other Practical Nursing Education programs*** will need to complete the following prerequisites or co-requisites with "C" or greater before program entry:

Students Entering Spring Semester

___	**BIOL 2310**	**Human Anatomy & Phys 1**
___	**BIOL 231L**	**Human Anatomy & Phys 1 Lab**
___	***BIOL 2320**	**Human Anatomy & Phys 2**
___	***BIOL 232L**	**Human Anatomy & Phys 2 Lab**
___	**CHEM 0955**	**Basic Chemistry**
___	**CHEM 095L**	**Basic Chemistry Lab**
___	**ENGL 1510**	**English Composition 1**
___	**MATH 0955**	**Basic Algebra**
___	**PSYC 1010**	**General Psychology**
___	***PSYC 2700**	**Developmental Psychology**

****Prerequisites for students entering Summer Semester in addition to the above courses.***

___ 6. ***It is highly recommended (but not required) that all LPN's take the following courses prior to entry to ease scheduling and course workload concerns while in the program:***

WSCC Students Entering Summer Semester

___	**BIOL 1510**	**Intro to Nutrition**
___	**MATH 2130**	**College Algebra *OR/***
___	**MATH 2110**	**Principles of Statistics**

Answers to frequently asked questions:

1. Students who have previously applied for admission to the Associate Degree Nursing Program must submit current forms provided in this year's application packet.
2. Please be aware that you are responsible in making sure **all required materials are submitted in one envelope to the A.D.N. Program Director prior to the deadline. No application will be reviewed by the selection committee if the packet/envelope is incomplete.**

2018– 2019 Application for the *Advanced Placement Option* in the Washington State Community College Associate Degree Nursing Program

(*For Licensed Practical Nurses and Students in LPN Education Programs ONLY*)

Please complete all that apply:

____ I am a Student in the _____ nursing program.

____ I plan to graduate in _____. (Month/Year)

____ I am licensed as an LPN in _____ State(s).

List all states that you have held an LPN. _____

____ I have previously applied to this program in _____, _____, _____.
(year) (year) (year)

If you hold a professional or occupational license or certificate of any kind, has your nursing practice ever been monitored for any reason through disciplinary action or otherwise, by any facility, board or group?

_____Yes _____ No (If you answered yes, please attach a letter of explanation).

____ I have completed all courses required by my Compass or Asset placement exam.

____ I have completed all pre-requisite courses with "C" or better.

____ I am applying transfer credit to the RN/ADN program (allow 4-8 weeks).

____ I have completed all other requirements listed in my application packet.

____ I intend to complete all requirements listed in my application packet by the deadline listed in my application packet.

NAME _____ Date ____/____/____

ADDRESS _____

PHONE _____ SOC. SEC. NO. _____

Are you currently working in a health care setting? _____ Yes _____ No

Have you been an Ohio resident for the last 12 months? _____ Yes _____ No

I have read the Essential Abilities included with this packet and meet the ADN program requirements. _____ Yes _____ No

PLEASE ATTACH YOUR ADMISSION ESSAY THAT EXPLAINS:

- WHO MOST INFLUENCED YOU IN BECOMING A REGISTERED NURSE (AND WHY),
- AND WHY YOU WANT TO BECOME A REGISTERED NURSE.

Your essay will be used to assess your writing skills and your ability to logically express your thoughts succinctly. ***Please use a separate sheet of paper.***

This application for Advanced Placement must be received in the Health Sciences Office by 12:00 p.m., September 22, 2017 to be considered for admission.

Washington State Community College - **Application for Admission**

- Read this entire form and complete ALL information. Make certain information is correct and complete.
- Submit the appropriate high school transcript or copy of GED and transcript(s) of courses taken at colleges and/or universities/or military.
- Return the completed application to the admissions office in the Main Building.
- An additional health sciences program application must be filled out for each health sciences program.

Washington State Community College follows an open admission policy, except in health sciences programs. This form is not used to evaluate a student for admission; it is for information in the maintenance of student records. An additional application must be filed for each of the health sciences programs. No person is excluded from participation in or denied benefits from any program or opportunity at Washington State Community College on the basis of race, color, gender, disability, religion, ancestry or national origin.

I agree to let Washington State Community College, its subsidiaries and its agents publish or make other public use of my photograph, video and/or other reproductions. Washington State has the responsibility of inspecting, approving and selecting these for their use. Washington State will not make any deliberate distortion or other alteration to these items. I agree not to hold Washington State liable for any distortion or other alteration that may result.

The information I have submitted on this application form is true and correct to the best of my knowledge.

Applicant's signature _____ Date _____

Essential Skills and Functional Abilities for Nursing Students

The Associate Degree Nursing Program is committed to equal access for all qualified program applicants and thus has identified technical standards essential to the delivery of safe effective care while enrolled as a student in the program. These standards determine the student's ability to acquire knowledge and develop the clinical skills required by the curriculum. The student must meet these standards throughout their course of study in the Associate Degree Nursing program for successful program completion.

Intent: All students applying for admission to the Associate Degree Nursing Program need to be aware of the essential skills and functional abilities required of **all** students in the program. Enrollment into the Associate Degree Nursing program is contingent upon signed submission of this form acknowledging that the applicant has read the form and is able (with or without accommodation) to meet the standards as described below. This form must accompany the student application to the program.

Certain functional abilities are essential for the delivery of safe, effective nursing care. These abilities are essential in the sense that they constitute core components of nursing practice, and there is a high probability that negative consequences will result for patient/clients under the care of nurses who fail to demonstrate these abilities. A program preparing students for the practice of nursing must attend to these essential functional abilities in the education and evaluation of its students.

References used in the development of these standards include The Functional Abilities Essential for the Delivery of Safe, Effective Nursing Care (1999 descriptive research study conducted by the National Council of State Boards of Nursing), and Core Components and Competencies of A.D.N. graduates developed by the Council of Associate Degree Nursing of the National League for Nursing (1999)

Behavioral examples are not considered to be complete. Reasonable accommodation will be directed toward providing an equal educational opportunity for students with disabilities while adhering to the standards of nursing practice for all students. Students with documented need for accommodations should contact the Office of Disability Services at 740-374-8716 ext. 2503.

All students are reminded that the Ohio Board of Nursing has very specific requirements for anyone seeking modifications of the NCLEX examination procedures. The process to be followed may be found on the Board's web site at http://www.nursing.ohio.gov/.

See the following pages for the Essential Skills and Functional Abilities for Nursing Students.

I hereby attest that I have read and understand the Essential Skills and Functional Abilities necessary for successful program completion. I further attest that I am able to meet these Essential Skills and Functional Abilities with or without reasonable accommodations, consistent with the Americans with Disabilities Act (ADA).

ASSOCIATE DEGREE NURSING PROGRAM

NURSING STUDENT CONFIDENTIALITY AGREEMENT

I understand that I may have access to confidential patient information and confidential information about the business and financial interests of the clinical facilities where I care for patients. I understand that Confidential Information is protected in every form, such as written and/or electronic records and correspondence, oral communications, and computer programs and applications.

I agree to comply with all existing and future policies and procedures of the clinical agencies to protect the confidentiality of Confidential Information. I agree not to share confidential information through electronic means such as texting, Facebook.com, or Twitter.com. I agree not to use, copy, make notes regarding, remove, release, or disclose Confidential Information with another individual.

I agree not to share or release any authentication code or device, password, key card, or identification badge to any other person, and I agree not to use or release anyone else's authentication code or device, password, key card, or identification badge. I agree not to allow any other person, except those authorized by the clinical agency, to have access to the clinical agency information systems under my authentication code or device, password, key card, or identification badge. I agree to notify the appropriate administrator immediately if I become aware that another person has access to my authentication code or device, password, key card, or identification badge, or otherwise have unauthorized access to the clinical agency's information system or records.

I agree that my obligations under this Agreement continue after my role as a student ends.

For Applicants Who May Have a Criminal Record...

Sections of the *Ohio Revised Code (O.R.C.)** may prohibit employment of individuals who have been convicted of specific felonies and misdemeanors. These individuals are restricted by Ohio law to provide nursing care to:

1. Older adults in Passport Agencies;
2. Children and older adults in home health settings;
3. Older adults in hospice programs;
4. Older adults in adult day care programs; and
5. Older adults in adult care facilities (nursing homes).

Fingerprinting is required when taking the nursing licensure examination, and is part of a background check when seeking employment in the above agencies. In addition, satisfactory criminal background checks are required by agencies that provide supervised clinical practice while a student nurse.

After completing any nursing program and applying to become a Registered Nurse, each graduate must provide the State Board of Nursing with information about conviction(s) of any felonies, or any felonies or misdemeanors related to violations of any municipal, county, state or federal drug law (including driving while intoxicated), and any crimes involving gross immorality or moral turpitude. After considering the applicant's record, the State Board of Nursing may deny permission to take the licensure examination (or deny licensure) to individuals who have been convicted of certain felonies or misdemeanors. *The Board of Nursing has no statutory authority to advise as to whether an individual will be permitted to take the licensure examination or be able to become licensed until the individual actually applies to the Board for examination.*

Individuals seeking a degree in nursing need to be aware of laws governing application for licensure, standards for professional nursing practice, and employment as a nurse. The Director of the Associate Degree Nursing Program can discuss, in confidence, any individual situation.

*Sections 173.41, 3701.881, 3712.09, 3721.121, 3722.151, 4723.09 (A)(2)(b) and 4723.28 (N)(1), Ohio Revised Code O.R.C.
