Revisions LogF	-12

SECTION I: THE FACULTY RANK REVIEW COMMITTEE

The Faculty Rank Review Committee is made up of six faculty members (representing each division of the college) who meet the following criteria:

- A. Must be at the Assistant Professor level or above.
- B. Must have held rank for at least one year at Washington State Community College.
- C. Must be appointed by the Faculty Senate.

Each member will serve a three-year term. At the end of every year, two members will rotate off.

The primary purpose of the Faculty Rank Review Committee is to review and verify any requests from faculty for change in rank already approved by the appropriate dean and to submit recommendations to the Executive Committee.

SECTION II: THE FACULTY RANK REVIEW PROCESS

Each faculty member eligible for advancement in rank sends the following items to his or her respective dean for approval:

- 1. Application for Change in Faculty Rank Verification and Routing Slip form (see Exhibit A)
- 2. Faculty Rank Advancement Worksheets: from yearly evaluation (one for each year at current rank, see Exhibit B)
- 3. Any documentation that validates the points received on the advancement worksheets (copies of certificates, licenses, conference agendas, papers presented, etc.)

Important: All applicants for change in rank should keep a copy **for their own files** of everything that they submit to the dean.

After acquiring the dean's approval, the faculty requesting a change in rank will then forward the completed paperwork (Section II, 1, 2, and 3 above) to the Faculty Rank Review Committee.

Once the Faculty Rank Review Committee reviews and verifies the paperwork of each applicant for change in rank, it will forward the requests to the VPAA of the college. The VPAA may choose to postpone a change in rank for any faculty who is under disciplinary action at the time of the recommendation. In such a case, the VPAA will notify the faculty member in writing. Otherwise, the VPAA will forward the change in rank

recommendations to the President for approval. The President then presents the recommendations to the Board of Trustees for final approval.

SECTION III: ADVANCEMENT IN RANK

Once an individual's faculty rank has been established, that individual will begin with zero points and accumulate points based on the criteria below. To qualify for advancement in rank, the faculty member must earn the number of points shown below (TABLE 1 OR 2) and complete the specified number of years in the lower rank. As each advancement in rank is attained, the faculty member begins with zero points and works toward the next step in rank.

TABLE 1: Advancement in Rank of Full-time Employees with Full-time Faculty Duties

Advancement from	Criteria/Points
Instructor to Assistant Professor	Three years as Instructor and 100 points
Assistant Professor to Associate	Five years at Assistant Professor and 150
Professor	points
Associate Professor to Professor	Seven years at Associate Professor and 200 points (plus a minimum of a Master's Degree or equivalent education and experience)
	or equivalent education and experience.)

It is the faculty member's responsibility to keep track of accumulated points and submit all the necessary paperwork (see items 1-3 in Section II) to the appropriate dean and then to the Faculty Rank Review Committee according to the established timeline (see **TABLE 5**).

SECTION IV: RECOMMENDED RANK PLACEMENT CRITERIA

Initial Faculty Rank Placement

Points earned toward initial faculty rank placement are established using **TABLE 2** below. The indicated point values for the factors listed in the first column are multiplied by the number of events of each factor. The products of each of these multiplications are added together to determine the number of points awarded for initial faculty rank.

TABLE 2: Placement Worksheet for New Hires

P .		Multiplied	Number		Points
Factor		by	of Events		Earned
Years of full-time employment (or equivalent-see note below) at WSCC	X	5		II	
Bachelor's degree	X	10			
Master's degree	X	10			
Doctorate	X	10		=	

Professional certification/license (1-5	X	1-5		=	
points per certificate or license-cap of					
15 points total, see Table 4)					
Years of full-time (or equivalent)	X	5		=	
teaching and/or academic					
administration at the college level					
Years of full-time (or equivalent) post-	X	2.5		=	
certification, post-license, or post-					
degree business or industrial work					
related to teaching field					
Years of full-time (or equivalent)	X	2.5		=	
teaching/or administration below the					
college level					
TOTAL POINTS EARNED:					

NOTE: One year of equivalent full-time employment for college level teaching is defined as 30 contact hours taught on the semester system. No more than one year of experience may be claimed for any twelve-month period.

In additional to the total points earned, a faculty member must meet two additional criteria; minimum years of full-time equivalent college teaching experience and, for full professor, a minimum degree requirement (see "Experience to Obtain Level" in **Table 3** below).

TABLE 3: Minimum Placement Criteria for New Hires

		Experience to Obtain Level
Levels	Minimum Points	
Instructor	0-35	
Assistant Professor	36-74	Minimum of 3 years full-time equivalent college teaching experience
Associate Professor	75-125	Minimum of 5 years full-time equivalent college teaching experience
Professor	126 and over	Minimum of 7 years full-time equivalent college teaching experience plus a minimum of a Master's Degree or equivalent

No employee can be awarded more than one year of employment within one calendar year. For example, if an employee worked one full-time job plus one part-time job in one calendar year, that employee could not be awarded more than the equivalent of one year of employment.

Both teaching and academic administrative work at the college level have a higher point value (5 per event than other types of employment 2.5 per event). Therefore, when awarding points to new employees, the administration will consider first the work experience which receives the greater number of points.

In general, the administration will use the system outlined above to determine the entry rank of teaching employees. However, in some cases the administration may choose to assign a higher or lower rank to a newly hired teaching employee based on rank held at a previous institution or other special case situation.

	Summer hire date – 1 st	
	day Summer Semester	

Timeline and Responsibilities

The Faculty Rank Review Committee will meet 2 times a year to provide recommendations for change in rank to the VPAA. The VPAA will then forward its recommendations to the President for approval. The President then presents the recommendations to the Board of Trustees for final approval.

The 2 meetings times are intended to accommodate faculty with hire dates coinciding with the beginning date of each of our academic semesters.

In order to consider faculty with fall semester hire dates, the Faculty Rank Review Committee must provide the VPAA with its recommendations three weeks prior to the May meeting of the Board of Trustees. Salary increases for those approved will be effective beginning the first day of fall semester.

In order to consider faculty with spring semester hire dates, the Faculty Rank Review Committee must provide the VPAA with its recommendations three weeks prior to the November meeting of the Board of Trustees. Salary increases for those approved will be effective beginning the first day of spring semester.

In order to consider faculty with summer semester hire dates, the Faculty Rank Review Committee must provide the VPAA with its recommendations three weeks prior to the May meeting of the Board of Trustees. Salary increases for those approved will be effective beginning the first day of summer semester.

Revisions Log:

11/3/06	Reformatting: Changed page numbering system from numerical in sequence from chapter to chapter to numbering in sequence by chapter, e.g. pages in Chapter 1 are now 1-1, 1-2, 1-3, etc.; page in Appendix I are I-1, I-2, I-3, I-4, etc. In the event that a future change adds or deletes a page, not all chapters will need to be repaginated.
11/3/06	Addition of Revisions Log at appendix end.
11/3/06	Addition of Table of Contents at beginning of appendix.
05/23/07	Change in Appendix F, effective 01/01/2007 Revision of Faculty Rank Review R18-07.
06/16/14	Changes from quarter to semester language and administrative title changes. Additions to Table 3 Minimum Placement Criteria for New Hires. Addition of criteria for medical under number of Points for Various Certificate Table. Changes to Table 5 Timeline and Responsibilities.
